

Scientific Name	BJK	Rank	Native	Comments
<i>Adiantum pedatum</i>	BJK	1	N	Native to Wisconsin (statewide). Native to Eastern US. Northern Maidenhair. Cultivars: 'Miss Sharples', 'Eco Aurora Borealis'.
<i>Athyrium filix-femina</i>	BJK	1	N	Native to Wisconsin (statewide). Native to entire US. Common Ladyfern. Cultivars: 'Branford Rambler', 'Cristata', 'Cruciato-cristatum', 'Dre's Dagger', 'Encourage', 'Fancy Fronds', 'Frizelliae', 'Lady Victoria', 'Minutissimum', 'Rotstiel', 'Vernoniae-cristatum', 'Victoriae', 'Victoriae Tall', subspecies <i>angustum</i> 'Lady In Red', subspecies <i>asplenoides</i> .
<i>Demnstaedia punctiloba</i>	-K	1	N	Native to Wisconsin (unknown)? Native to Eastern US. Synonym: <i>Athyrium pycnocarpon</i> . Eastern Hayscented Fern.
<i>Diplazium pycnocarpon</i>	BJK	1	N	Synonym: <i>Athyrium pycnocarpon</i> . Native to Wisconsin (southwest). Native to Eastern US. Synonym: <i>Athyrium pycnocarpon</i> . Glade Fern.
<i>Dryopteris carthusiana</i>	B-K	1	N	Synonym: <i>Dryopteris spinulosa</i> . Native to Wisconsin (statewide). Native to Northern US. Spinulose Woodfern. Grows in mesic woods. Cultivar: 'Americana'.
<i>Dryopteris filix-mas</i>	BJK	1	N	Native to Wisconsin (extreme north). Native to West and Northern US. Male Fern. Cultivars: 'Barnesii', 'Crispatissima', 'Cristata', 'Cristata Jackson', 'Cristata Martindale', 'Grandiceps', 'Grandiceps Wills', 'Linearis', 'Linearis Congressata', 'Linearis Polydactyla', 'Undulata Robusta'. Grows in moist conifer woods, rocky hill. Special Concern in Wisconsin .
<i>Dryopteris goldiana</i>	BJK	1	N	Native to Wisconsin (central and south). Native to Eastern US. Goldie's Woodfern. Grows in moist Maple woodland.
<i>Dryopteris marginalis</i>	BJK	1	N	Native to Wisconsin (except northwest and southeast). Native to Eastern US. Marginal Woodfern. Grows in dry woods, rock crevices, on shady slopes.
<i>Matteuccia struthiopteris</i>	B-K	1	N	Synonym: <i>Pteris nodulosa</i> . Native to Wisconsin (statewide). Native to Northeast US. Ostrich Fern.
<i>Onoclea sensibilis</i>	-JK	1	N	Native to Wisconsin (statewide). Native to Central and Eastern US. Sensitive Fern. Grows along ravine, Tamarack swamp, streambank.
<i>Osmunda cinnamomea</i>	BJK	1	N	Native to Wisconsin (statewide). Native to Central and Eastern US. Cinnamon Fern.
<i>Osmunda claytoniana</i>	BJK	1	N	Native to Wisconsin (statewide). Native to Central and Eastern US. Interrupted Fern.
<i>Osmunda regalis</i>	BJK	1	N	Native to Wisconsin (statewide). Native to Central and Eastern US. Royal Fern. Cultivar: 'Cristata', 'Purpurascens', variety <i>spectabilis</i> .
<i>Polystichum acrostichoides</i>	B-K	1	N	Native to Wisconsin (south). Native to Central and Eastern US. Christmas Fern.
<i>Polystichum braunii</i>	BJK	1	N	Native to Wisconsin (extreme north). Native to Northeast US. Braun's Hollyfern.
<i>Pteridium aquilinum</i>	-K	1	N	Native to Wisconsin (statewide). Native to entire US. Bracken Fern. Grows in dry woods, conifer woodland.
<i>Woodisia obtusa</i>	-JK	1	N	Native to Wisconsin (southwest). Native to Central and Eastern US. Bluntlobe Cliff Fern. Grows on shady sandstone cliff.
<i>Asplenium pinnatifidum</i>	-x	2	N	Native to Wisconsin (Iowa county). Native to Eastern US. Lobed Spleenwort. Grows on northfacing sandstone cliff. Threatened in Wisconsin.
<i>Asplenium platyneuron</i>	-x	2	N	Native to Wisconsin (southwest). Native to Central and Eastern US. Ebony Spleenwort. Often grows on northfacing limestone outcrop.
<i>Asplenium rhizophyllum</i>	-x	2	N	Synonym: <i>Camptosorus rhizophyllus</i> . Native to Wisconsin (statewide). Native to Central and Eastern US. Walking Fern. Often grows on northfacing limestone outcrop.
<i>Asplenium trichomanes</i>	-x	2	N	Native to Wisconsin (scattered north and central). Native to entire US. Maidenhair Spleenwort. Grows in crevice of shaded quartzite cliff. Special Concern in Wisconsin .
<i>Botrychium virginianum</i>	-x	2	N	Native to Wisconsin (statewide). Native to entire US. Rattlesnake Fern. Grows in moist Maple woodland, quartzite bluff.
<i>Cheilanthes lanosa</i>	-x	2	N	Native to Wisconsin (Wood county). Native to Central and East US. Hairy Lipfern. Woodland.
<i>Cystopteris bulbifera</i>	-x	2	N	Native to Wisconsin (statewide). Native to Central and Eastern US. Bulblet Bladderfern. Grows in Tamarack swamp, limestone rocks.
<i>Cystopteris fragilis</i>	-x	2	N	Synonym: <i>C. f. subspecies dickiana</i> . Native to Wisconsin (statewide). Native to West and North US. Brittle Bladderfern. Grows on northfacing sandstone cliff, crevice of rocks. Cultivars: 'Crispa'.
<i>Cystopteris proturusa</i>	-J	2	N	Native to Wisconsin (south). Native to Eastern US. Lowland Bladderfern. Grows on shaded bluff, sandstone outcrop, creek, north facing slopes, wet mesic forest.
<i>Deparia acrostichoides</i>	-x	2	N	Synonym: <i>Athyrium thelypteroides</i> , <i>Diplazium acrostichoides</i> . Native to Wisconsin (statewide). Native to Eastern US. Silver False Spleenwort. Grows in mesic woods, rocky ridge, slope.
<i>Dryopteris x bootii</i>	-x	2	N	Native to Wisconsin (central and north). Native to Northeast US. Naturally occurring hybrid of <i>D. cristata</i> x <i>D. intermedia</i> . Grows in conifer swamps, edge of bog.
<i>Dryopteris clintoniana</i>	-J	2	N	Native to Wisconsin (scattered southeast). Native to Northeast US. Clinton's Woodfern. Grows in swamp. Special Concern in Wisconsin .
<i>Dryopteris expansa</i>	-J	2	N	Synonym: <i>Dryopteris dilatata</i> . Native to Wisconsin (extreme north). Native to Northwest and Northcentral US. Spreading Woodfern. Grows in wet woods, sandy lakeshore. Cultivars: 'Compacta', 'Crispa Whiteside', 'Jimmy Dyce', 'Lepidota Cristata', 'Recurvata'. Special Concern in Wisconsin .
<i>Dryopteris intermedia</i>	-x	2	N	Native to Wisconsin (eastern). Native to Eastern US. Intermediate Woodfern. Grows in moist conifer woods, sandy soil.
<i>Gymnocarpium dryopteris</i>	-x	2	N	Native to Wisconsin (statewide). Native to North US. Western Oakfern. Grows in conifer swamp. Cultivars: 'Plumosum'.
<i>Pellaea atropurpurea</i>	-x	2	N	Native to Wisconsin (southwest). Native to entire US (except westcoast). Purple Cliffbrake. Grows on southfacing sandstone cliff, shaded slope. Special Concern in Wisconsin .
<i>Phegopteris connectilis</i>	-?	2	N	Synonym: <i>Thelypteris phegopteris</i> . Native to Wisconsin (statewide). Native to Northern US. Long Beechfern. Grows on sandstone outcrop, crevices in shady rocks, north facing slopes, wet mesic forest.
<i>Phegopteris hexagonoptera</i>	-x	2	N	Synonym: <i>Thelypteris hexagonoptera</i> . Native to Wisconsin (scattered statewide). Native to Eastern US. Broad Beechfern. Grows on bluff, ravine, north facing slopes, wet mesic forest. Special Concern in Wisconsin .
<i>Polypodium virginianum</i>	-x	2	N	Synonym: <i>Polypodium vulgare</i> . Native to Wisconsin (statewide). Native to Eastern US. Rock Polyploid. Grows in crevices of rocky bluff, sandstone cliff, northfacing slope.
<i>Thelypteris palustris</i>	-x	2	N	Native to Wisconsin (statewide). Native to Central and Eastern US. Eastern Marsh Fern. Grows in Tamarack swamp, sedge meadow. Cultivars: 'Cristata'.
<i>Asplenium trichomanes-ramosum</i>	3	N	N	Native to Wisconsin (extreme northeast). Native to West and Northeast US. Brightgreen Spleenwort.
<i>Botrychium campestre</i>	3	N	N	Native to Wisconsin (unknown)? Native to North US. Iowa Moonwort.
<i>Botrychium dissectum</i>	3	N	N	Native to Wisconsin (statewide). Native to Central and Eastern US. Cutleaf Grapefern. Grows in conifer woodland, northfacing stream bank.
<i>Botrychium lunaria</i>	3	N	N	Native to Wisconsin (Ashland, Bayfield, Door counties). Native to West and Northeast US. Common Moonwort. Grows in sandy soil or on sandstone outcrop. Endangered in Wisconsin.
<i>Botrychium matricarifolium</i>	3	N	N	Native to Wisconsin (north). Native to Northeast US. Matricary Grapefern. Grows in woodland sandy soil near lake.
<i>Botrychium minganense</i>	3	N	N	Native to Wisconsin (north). Native to Northern US. Mingan Moonwort. Grows in shady ravine. Special Concern in Wisconsin .
<i>Botrychium mormo</i>	3	N	N	Native to Wisconsin (north). Native to US (Minnesota - Michigan). Little Goblin Moonwort. Grows in moist maple woods. Endangered in Wisconsin.
<i>Botrychium multifidum</i>	3	N	N	Native to Wisconsin (statewide). Native to Northern US. Leathery Grapefern. Grows in open woodland, sandy soil.
<i>Botrychium oneidense</i>	3	N	N	Native to Wisconsin (north). Native to Northeast US. Bluntlobe Grapefern. Grows in moist woodland, near lakeshore. Special Concern in Wisconsin .
<i>Botrychium pseudopinnatum</i>	3	N	N	Native to Wisconsin (unknown)? Native to US (Minnesota - Wisconsin). False Daisyleaf Moonwort.
<i>Botrychium rugulosum</i>	3	N	N	Native to Wisconsin (north). Native to Northcentral US. Ternate Grapefern. Grows in wet sandy depressions.
<i>Botrychium simplex</i>	3	N	N	Native to Wisconsin (north). Native to North US. Little Grapefern. Grows in moist Maple woodlands.
<i>Botrychium spathulatum</i>	3	N	N	Native to Wisconsin (Door county). Native to North US. Spathulate Botrychium. Special Concern in Wisconsin .
<i>Cheilanthes feei</i>	3	N	N	Native to Wisconsin (southwest). Native to West and Central US. Slender Lipfern. Grows on sandstone ridge, limestone outcrop.
<i>Cystopteris laurentiana</i>	3	N	N	Native to Wisconsin (extreme north). Native to Northeast US. St. Lawrence Bladderfern. Grows on limestone outcrop, sandstone outcrop. Special Concern in Wisconsin .
<i>Cystopteris tennesseensis</i>	3	N	N	Native to Wisconsin (southwest). Native to Eastern US. Tennessee Bladderfern. Grows on sandstone bluff.
<i>Cystopteris tenuis</i>	3	N	N	Native to Wisconsin (statewide). Native to Central and Eastern US. Upland Brittle Bladderfern. Grows in Cedar swamp, sandstone cliff.
<i>Dryopteris cristata</i>	3	N	N	Native to Wisconsin (except southwest). Native to Northern US. Crested Woodfern. Grows at edge of bog, moist conifer woods.
<i>Dryopteris fragrans</i>	3	N	N	Native to Wisconsin (extreme north). Native to Northeast US. Fragrant Woodfern. Grows on shady igneous rocky cliff, rock crevices. Special Concern in Wisconsin .
<i>Dryopteris x pittsfordensis</i>	3	N	N	Native to Wisconsin (Grant county). Native to Northeast US. Naturally occurring hybrid of <i>D. carthusiana</i> x <i>D. marginalis</i> . Grows in dry mesic woods.
<i>Dryopteris x slossoniae</i>	3	N	N	Native to Wisconsin (Door county). Native to Northeast US. Naturally occurring hybrid of <i>D. cristata</i> x <i>D. marginalis</i> .
<i>Dryopteris x triploidea</i>	3	N	N	Native to Wisconsin (statewide). Native to Northeast US. Naturally occurring hybrid of <i>D. carthusiana</i> x <i>D. intermedia</i> . Grows in Cedar swamp, along ravine, edge of bog.
<i>Dryopteris x uliginosa</i>	3	N	N	Native to Wisconsin (except southeast). Native to Northeast US. Naturally occurring hybrid of <i>D. carthusiana</i> x <i>D. cristata</i> . Grows in moist woods, conifer swamp.
<i>Gymnocarpium jessoense</i>	3	N	N	Native to Wisconsin (Bayfield county). Native to Northcentral US. Asian Oakfern. Grows on sandstone cliff. Special Concern in Wisconsin .
<i>Gymnocarpium robertianum</i>	3	N	N	Native to Wisconsin (scattered northwest, southwest, Door county). Native to Northcentral US. Scented Oakfern. Grows on moist northfacing bluff, sandstone, conifer swamp, sphagnum hummock. Special Concern in Wisconsin .
<i>Osmunda x ruggii</i>	3	N	N	Native to Wisconsin (Vilas county). Native to US (Wisconsin and Virginia). Naturally occurring hybrid of <i>O. claytoniana</i> x <i>O. regalis</i> .
<i>Pellaea glabella</i>	3	N	N	Native to Wisconsin (south). Native to Central and Northeast US. Smooth Cliffbrake. Grows on rockface, sunny cliff.
<i>Thelypteris simulata</i>	3	N	N	Native to Wisconsin (statewide). Native to Eastern US. Bog Fern. Grows near edge of conifer bog. Special Concern in Wisconsin .
<i>Woodisia ilvensis</i>	3	N	N	Native to Wisconsin (except southeast). Native to Northeast US. Rusty Woodisia. Grows in crevice of rocky bluff.
<i>Woodisia oregana</i>	3	N	N	Native to Wisconsin (scattered northwest and southwest). Native to Western and Northcentral US. Oregon Cliff Fern. Grows on sandstone cliff, igneous rock. Special Concern in Wisconsin .
<i>Adiantum aleuticum</i>	BJ	4	E	Exotic to Wisconsin. Native to Western US. Aleutian Maidenhair Fern. Cultivars: subspecies <i>subpinnulum</i> .
<i>Athyrium nipponicum</i>	BJK	4	E	Exotic to Wisconsin. Exotic to US. Native to Japan - China. Japanese Painted Fern. Cultivars: 'Applecourt', 'Burgundy Lace', 'Pewter Lace', 'Samurai Sword', 'Silver Falls', 'Soulmate', 'Ursula's Red', 'Wildwood Twist'.
<i>Athyrium hybrid</i>	BJK	4	E	Exotic to Wisconsin. Exotic to US. Horticultural hybrid of <i>A. nipponicum</i> x <i>A. filix-femina</i> . One hybrid parent is native to Japan (<i>nipponicum</i>) and the other hybrid parent is native to Wisconsin (<i>filix-femina</i>). Cultivars: 'Branford Beauty', 'Ghost'.
<i>Athyrium otophorum</i>	-xK	4	E	Exotic to Wisconsin. Exotic to US. Native to Japan - China. Asian Lady Fern. Cultivar: 'Okunum'.
<i>Blechnum spicant</i>	-JK	4	E	Exotic to Wisconsin. Native to Westcoast US. Deer Fern.
<i>Cyrtotium fortunei</i>	-JK	4	E	Exotic to Wisconsin. Exotic to US. Native to Japan. Asian Netvein Hollyfern. Cultivars: 'AIK-140', variety <i>intermedium</i> .
<i>Dryopteris affinis</i>	-JK	4	E	Exotic to Wisconsin. Exotic to US. Native to Europe and Asia. Scaly Male Fern. Cultivars: 'Cambrensis', 'Crispa Barnes', 'Crispa Graeilis', 'Cristata', 'Cristata The King', 'Polydactyla Mapplebeck', 'Revolvens', 'The King'.
<i>Dryopteris x australis</i>	-JK	4	E	Exotic to Wisconsin. Native to Southeast US. Naturally occurring hybrid of <i>D. celsa</i> x <i>D. ludoviciana</i> . Both hybrid parents are exotic to Wisconsin. Dixie Wood Fern.

Scientific Name	BJK	Rank	Native	Comments
<i>Dryopteris bissetiana</i>	--K	4	E	Exotic to Wisconsin. Exotic to US. Native to Japan - China. Beaded Wood Fern.
<i>Dryopteris erythrosora</i>	B-K	4	E	Exotic to Wisconsin. Exotic to US. Native to Japan - China. Japanese Red Shield Fern. Cultivars: 'Brilliance', 'Prolifica', 'Red Spore'.
<i>Dryopteris x remota</i>	BJK	4	E	Exotic to Wisconsin. Exotic to US. Horticultural hybrid of <i>D. affinis</i> x <i>D. expansa</i> . One hybrid parent is native to Europe (affinis) and the other hybrid parent is native to Wisconsin (expansa). Glade Fern.
<i>Dryopteris tokyoensis</i>	-JK	4	E	Exotic to Wisconsin. Exotic to US. Native to Japan - China. Tokyo Wood Fern.
<i>Polystichum polyblepharum</i>	-JK	4	E	Exotic to Wisconsin. Exotic to US. Native to Japan - Korea. Korean Tasseffern.
<i>Thelypteris beddomei</i>	-JK	4	E	Exotic to Wisconsin. Exotic to US. Native to Korea. Accuminate Wood Fern.
<i>Adiantum venustum</i>	-x-	5	E	Exotic to Wisconsin. Exotic to US. Native to China. Himalayan Maidenhair Fern.
<i>Arachniodes simplicior</i>	-?-	5	E	Exotic to Wisconsin. Exotic to US. Native to Japan - China. Simpler Hollyfern. Cultivars: 'Variegata'.
<i>Arachniodes standishii</i>	-?-	5	E	Exotic to Wisconsin. Exotic to US. Native to Japan. Upsidedown Hollyfern.
<i>Asplenium x ebenoides</i>	-?-	5	E	Exotic to Wisconsin. Native to Eastern US. Naturally occurring hybrid of <i>A. platyneuron</i> x <i>A. rhizophyllum</i> . Both hybrid parents are native to Wisconsin, yet this hybrid is undocumented here.
<i>Asplenium ruta-muraria</i>	-x-	5	E	Exotic to Wisconsin. Native to Eastern US. Wallrue Fern.
<i>Asplenium scolopendrium</i>	-x-	5	E	Exotic to Wisconsin. Native to Eastern US. Hart's Tonguefern. Cultivars: 'Angustatum', 'Cristata', 'Furcatum', 'Kaye's Variety', 'Laceratum Kaye', 'Marginatum', 'Undulatum'.
<i>Astroblepis sinuata</i>	-x-	5	E	Synonym: <i>Cheilanthes sinuata</i> . Exotic to Wisconsin. Native to Southwest US. Wavy Scaly Cloakfern. subspecies <i>sinuata</i>
<i>Athyrium japonicum</i>	-?-	5	E	Synonym: <i>Lunathyrium japonicum</i> . Exotic to Wisconsin. Exotic to US. Native to Japan - China. Black Lady Fern (PDN).
<i>Athyrium yokoscense</i>	-?-	5	E	Exotic to Wisconsin. Exotic to US. Native to Asia? Japanese False Spleenwort?
<i>Blechnum penna-marina</i> subspecies <i>alpina</i>	-J-	5	E	Exotic to Wisconsin. Exotic to US. Native to South America - New Zealand. Little Hard Fern?
<i>Botrychium biteratum</i>	-x-	5	E	Exotic to Wisconsin. Native to Eastern US. Sparselobe Grapefern.
<i>Cheilanthes argentea</i>	-x-	5	E	Exotic to Wisconsin. Exotic to US. Native to Asia? Silver Cloak Fern?
<i>Cheilanthes tomentosa</i>	-x-	5	E	Exotic to Wisconsin. Exotic to South US. Woolly Lipfern.
<i>Cyrtotium caryotideum</i>	-x-	5	E	Exotic to Wisconsin. Native to Gulf US (one county in Louisiana, one county in Alabama). Dwarf Netvein Hollyfern. Cultivar: 'Dwarf Holly'.
<i>Cyrtotium falcatum</i>	-x-	5	E	Exotic to Wisconsin. Exotic to US. Native to Japan. Japanese Netvein Hollyfern. Cultivars: 'Eco Korean Jade', 'Rochefordianum'.
<i>Cyrtotium macrophyllum</i>	-x-	5	E	Exotic to Wisconsin. Exotic to US. Native to Japan - China. Big Leaf Hollyfern.
<i>Cystopteris dickieana</i>	-x-	5	E	Exotic to Wisconsin. Exotic to US. Native to Europe. Dickie's Bladder Fern.
<i>Deparia pycnosora</i>	-x-	5	E	Synonym: <i>Athyrium pycnosorum</i> . Exotic to Wisconsin. Exotic to US. Native to Japan - China. Tapering Glade Fern (PDN).
<i>Diplazium comillii</i>	-J-	5	E	Exotic to Wisconsin. Exotic to US. Native to ? Unknown plant.
<i>Dryopteris celsa</i>	-J-	5	E	Exotic to Wisconsin. Native to Eastern US. Log Fern.
<i>Dryopteris championii</i>	-?-	5	E	Exotic to Wisconsin. Exotic to US. Native to Japan - China. Champion's Wood Fern.
<i>Dryopteris x complexa</i>	-J-	5	E	Exotic to Wisconsin. Exotic to US. Horticultural hybrid of <i>D. affinis</i> x <i>D. filix-mas</i> . One hybrid parent is native to Europe (affinis) and the other hybrid parent is native to Wisconsin (filix-mas). Buckler Wood Fern. Cultivars: 'Robust', 'Rumpelstiltskin', 'Stableri', 'Stableri Crisped'.
<i>Dryopteris crassirhizoma</i>	xx-	5	E	Exotic to Wisconsin. Exotic to US. Native to Japan - China. Thick Stem Wood Fern.
<i>Dryopteris crispa</i>	-?-	5	E	Exotic to Wisconsin. Exotic to US. Native to Europe. Shield Fern? Cultivars: 'Cristata'.
<i>Dryopteris cycadina</i>	-xx	5	E	Synonym: <i>D. atrata</i> . Exotic to Wisconsin. Exotic to US. Native to Japan - China. Shaggy Shield Fern.
<i>Dryopteris cystolepis</i>	-?-	5	E	Exotic to Wisconsin. Exotic to US. Native to ?
<i>Dryopteris decipens</i>	-?-	5	E	Exotic to Wisconsin. Exotic to US. Native to Asia?
<i>Dryopteris formosana</i>	-x-	5	E	Exotic to Wisconsin. Exotic to US. Native to Japan - Taiwan. Formosa Wood Fern.
<i>Dryopteris hondoensis</i>	-xx	5	E	Exotic to Wisconsin. Exotic to US. Native to Japan - Taiwan. Hondo Wood Fern.
<i>Dryopteris lacera</i>	-x-	5	E	Exotic to Wisconsin. Exotic to US. Native to Japan - China.
<i>Dryopteris lepidopoda</i>	-x-	5	E	Exotic to Wisconsin. Exotic to US. Native to India - China. Sunset Fern. Cultivar: 'Cristata'.
<i>Dryopteris montana</i>	-x-	5	E	Exotic to Wisconsin. Exotic to US. Native to Europe?
<i>Dryopteris odontoloma</i>	-?-	5	E	Exotic to Wisconsin. Exotic to US. Native to Pakistan.
<i>Dryopteris oreades</i>	-x-	5	E	Exotic to Wisconsin. Exotic to US. Native to Europe. Mountain Male Fern.
<i>Dryopteris polylepis</i>	-x-	5	E	Exotic to Wisconsin. Exotic to US. Native to Japan - China.
<i>Dryopteris pseudo-filix-mas</i>	-?-	5	E	Exotic to Wisconsin. Native to Mexico. Mexican Male Fern.
<i>Dryopteris purpurella</i>	-x-	5	E	Exotic to Wisconsin. Exotic to US. Native to Japan.
<i>Dryopteris pycnopteroides</i>	-?-	5	E	Exotic to Wisconsin. Exotic to US. Native to Japan - China. Japanese Wood Fern (PDN).
<i>Dryopteris stewartii</i>	-x-	5	E	Exotic to Wisconsin. Exotic to US. Native to India - China.
<i>Dryopteris uniformis</i>	-?-	5	E	Exotic to Wisconsin. Exotic to US. Native to Japan - China. Petticoat Uniformed Male Fern (PDN). Cultivars: 'Cristata'.
<i>Dryopteris villarii</i>	-?-	5	E	Exotic to Wisconsin. Exotic to US. Native to Europe. Rigid Buckler Fern (PDN).
<i>Dryopteris walllichiana</i>	-xx	5	E	Exotic to Wisconsin. Exotic to continental US. Native to Hawaii. Alpine Wood Fern. Cultivars: subspecies <i>nepalensis</i> 'Molten Lava'.
<i>Gymnocarpium disjunctum</i>	-?-	5	E	Synonym: <i>Dryopteris disjuncta</i> . Exotic to Wisconsin. Native to Northwest US. Pacific Oakfern.
<i>Lygodium palmatum</i>	-x-	5	E	Exotic to Wisconsin. Native to Eastern US. American Climbing Fern.
<i>Marsilea quadrifolia</i>	-x-	5	E	Exotic to Wisconsin. Exotic to US. Native to Europe. European Watchclover Fern.
<i>Microlepia strigosa</i>	-J-	5	E	Exotic to Wisconsin. Exotic to continental US. Native to Hawaii. Palapalai.
<i>Osmunda japonica</i>	-x-	5	E	Exotic to Wisconsin. Exotic to US. Native to Asia. Japanese Royal Fern.
<i>Parathelypteris japonica</i>	-?-	5	E	Exotic to Wisconsin. Exotic to US. Unknown plant.
<i>Phegopteris decursive-pinnata</i>	-x-		E	Synonym: <i>Lastrea decursive-pinnata</i> . Exotic to Wisconsin. Exotic to US. Native to Japan? Japanese Beechfern.
<i>Pleopeltis polyodioides</i>	-x-		E	Synonym: <i>Polypodium polyodioides</i> . Exotic to Wisconsin. Native to Southeast US. Resurrection Fern.
<i>Polypodium cambricum</i>	---		E	Synonym: <i>Polypodium australe</i> . Exotic to Wisconsin. Exotic to US. Native to Europe? Cultivars: 'Cambrium Wilharris'.
<i>Polypodium glycyrrhiza</i>	-J-		E	Synonym: <i>Polypodium vulgare</i> . Exotic to Wisconsin. Native to Westcoast US. Licorice Fern. Cultivars: 'Bifidum', 'Cornubiense', 'Longicaudatum', 'Pulcherrimum'.
<i>Polystichum aculeatum</i>	-?-		E	Exotic to Wisconsin. Exotic to US. Native to Europe.
<i>Polystichum aleuticum</i>	-x-		E	Exotic to Wisconsin. Exotic to contiguous US. Native to Alaska. Aleutian Holly Fern.
<i>Polystichum braunii</i>	-?-		E	Exotic to Wisconsin (no herbarium records). Native to Eastern US. Braun's Hollyfern.
<i>Polystichum x dycei</i>	-J-		E	Exotic to Wisconsin. Exotic to US. Horticultural hybrid of <i>P. braunii</i> x <i>P. proliferum</i> .
<i>Polystichum makinoi</i>	-x-		E	Exotic to Wisconsin. Exotic to US. Native to China. Makino's Holly Fern.
<i>Polystichum munitum</i>	-x-		E	Similar to, and often confused with species <i>Polystichum imbricans</i> . Exotic to Wisconsin. Native to Western US. Western Swordfern.
<i>Polystichum neolobatum</i>	-J-		E	Exotic to Wisconsin. Exotic to US. Native to Japan - China. Asian Holly Fern.
<i>Polystichum ovatopaleaceum</i>	-?-		E	Exotic to Wisconsin. Exotic to US. Native to Japan?
<i>Polystichum retrosopaleaceum</i>	-x-		E	Exotic to Wisconsin. Exotic to US. Native to Japan.
<i>Polystichum rigens</i>	-?-		E	Exotic to Wisconsin. Exotic to US. Native to Japan?
<i>Polystichum setiferum</i>	xx-		E	Exotic to Wisconsin. Exotic to contiguous US. Native to Europe. Soft Shield Fern. Cultivars: 'Angulare', 'Barford's Dwarf', 'Bevis', 'Congestum', 'Congestum Cristatum', 'Cristatum', 'Divisilobum', 'Harrenhausener', 'Plumosomutilobum', 'Plumosum Densum', 'Rotundatum Cristatum', variety <i>acutilobum</i> , variety <i>proliferum</i> .
<i>Polystichum tripterum</i>	-x-		E	Exotic to Wisconsin. Exotic to US. Native to Japan - China. Trifid Hollyfern.
<i>Polystichum tsusimensense</i>	-x-		E	Exotic to Wisconsin. Exotic to US. Native to Japan - Korea. Tsusima Hollyfern.
<i>Polystichum xiphophyllum</i>	-x-		E	Exotic to Wisconsin. Exotic to US. Native to China. The X Fern (PDN).
<i>Pteris cretica</i>	-x-		E	Exotic to Wisconsin. Exotic to US. Native to Europe. Hardy Ribbon Fern.
<i>Thelypteris acuminata</i>	-x-		E	Exotic to Wisconsin. Exotic to US. Native to China. Accuminate Wood Fern.
<i>Thelypteris decursive-pinnata</i>	-x-		E	Exotic to Wisconsin. Exotic to US. Native to Japan? Japanese Beech Fern.
<i>Thelypteris kunthii</i>	-xx		E	Exotic to Wisconsin. Native to Southeast US. Kunth's Maiden Fern.
<i>Thelypteris noveboracensis</i>	-x-		E	Exotic to Wisconsin. Native to Eastern US. New York Fern.
<i>Thelypteris tylodes</i>	-?-		E	Exotic to Wisconsin. Exotic to US. Native to Japan?
<i>Woodсия intermedia</i>	-x-		E	Exotic to Wisconsin. Exotic to US. Native to Japan - China.
<i>Woodсия polystichoides</i>	-J-		E	Exotic to Wisconsin. Exotic to US. Native to Russia? Holly Fern?
<i>Woodwardii areolata</i>	-x-		E	Exotic to Wisconsin. Native to Eastern US. Netted Chainfern.
<i>Woodwardii orientalis</i>	-x-		E	Exotic to Wisconsin. Exotic to US. Native to Japan - China. Oriental Chainfern, variety <i>formosana</i>
<i>Woodwardia virginica</i>	-x-		E	Exotic to Wisconsin. Native to Eastern US. Virginia Chainfern.
